THE CURRENCY.

A Full Abstract of the Report of the Comptroller of the Currency.

The annual Report of the Comptroller of the Currency, since that important branch of the public service has been in charge of Gen. John Jay Knox, has acquired the one of great value to those seeking reliable information respecting the monetary affairs of the country.

THE NATIONAL BANKS.

The report says that the total number of national banks organized from the establishment of the national banking system, February 25, 1863, to November 1 of the present year, is 2,080. Of these 307 have gone into voluntary liquidation by the vote of shareholders owning two-thirds of the respective capitals, and 31 have been placed in the hands of receivers, for the purpose of closing up their affairs, leaving 1,742 in operation at the date last named. Eighteen new banks, with an aggregate capital of $1,500,000, have been organized with an aggregate authorized capital of $1,500,000, to which should be added the increase of capital of existing banks, $1,000,000, making a total increase of $2,500,000. The total capital of the banks in operation is $454,000,000, and their circulation $340,000,000. The circulation issued to banks organized under the act of June 3, 1864, and its amendments, amounts to $299,000,000, and that issued to banks organized under the act of June 3, 1865, and its amendments, to $41,000,000. The amount of bonds held to secure circulation is $314,000,000, and to secure deposits, $14,000,000, making a total of bonds held by the banks of $328,000,000. The amount of lawful money deposited with the Treasurer to redeem the circulation of banks going into liquidation is $15,000,000, and the amount of lawful money held by banks for the redemption of their own circulation is $18,000,000, making a total of lawful money held for the redemption of bank circulation of $33,000,000. The amount of deposits in national banks is $1,000,000,000, and the amount of loans and discounts $1,000,000,000. The amount of specie held by the banks is $71,000,000, and the amount of legal tenders $71,000,000, making a total of specie and legal tenders of $142,000,000. The amount due to other banks is $200,000,000, and the amount due from other banks $200,000,000. The amount of individual deposits is $800,000,000, and the amount of loans and discounts on personal security $500,000,000. The amount of loans secured by stocks and bonds is $500,000,000, and the amount of loans secured by real estate $100,000,000. The amount of other loans and discounts is $400,000,000. The amount of due bills and other liabilities is $100,000,000, and the amount of other assets $100,000,000.

THE MOVEMENT OF SPECIE DURING THE QUARTER.

The Comptroller says that the change which has made such a gain of the specie of the country since 1 October is difficult to ascertain. The amount of the circulating medium was estimated by the Director of the Mint on July 1, 1879, at $1,000,000,000, of which $300,000,000 is in silver coin. If this estimate is correct, the circulating medium at that time was composed as follows:

The Comptroller says that the changes which have made such a gain of the specie of the country since 1 October is difficult to ascertain. The amount of the circulating medium was estimated by the Director of the Mint on July 1, 1879, at $1,000,000,000, of which $300,000,000 is in silver coin. If this estimate is correct, the circulating medium at that time was composed as follows:

The estimated total currency of the country on November 1 is at least $900,000,000 in excess of the highest point reached in former times, and the resumption of specie payment.

It has been generally supposed that much of the gold coin which has been received by the country during the past two years would be exported as soon as specie payments should be resumed, but the Comptroller says that the amount of gold coin and bullion in the country is now nearly $300,000,000, and that the banks are willing, a large portion of which is held for the redemption of the legal tender notes, and that the amount of gold coin and bullion in the country will increase rather than diminish. The Comptroller says that the amount of gold coin and bullion in the country will increase rather than diminish. The Comptroller says that the amount of gold coin and bullion in the country will increase rather than diminish.

Late Actions for Investigation.

The Mandamus Hearing To-Day.

VARIOUS RUMORS AFLOAT!

THE ANSWER OF THE SECRETARY OF STATE AS RUMORED.

Examination of Washington County Returns Allowed.

Petitions for the Investigation of the Charges Made by Senator Anthony Received.

AUGUSTA, Dec. 6. Petitions for an investigation into the charges of Charles D. Rounds coming in upon the Council. Several were presented to-day. The petition from Bath is signed by the venerable John Patten, J. S. Richardson, E. W. Swanton, E. C. Hyde and many other well known and prominent citizens. They declare that "public justice and personal integrity demand that the Council at once investigate the" charges of Mr. Rounds."

The petition from Brunswick is headed by ex-Governor Chamberlain and a panel of many prominent citizens and strongly urges the propriety and necessity of a proper investigation.

The petition from Winthrop is headed by Jno. M. Benjamin and signed by John Bap. Calvin Cobb, Edward L. H. Carleton, W. R. White and others who state their belief that the honor and dignity of the State Government, as well as the end of common justice, demand that the charges of Charles D. Rounds be investigated before any carelessness of election are used by Governors and Representatives.

A petition from Lewiston and Auburn is very numerously signed. Ex-Gov. Dingley heads the petition and more than one hundred prominent citizens unite with him. Their petition closes thus: "If these charges of Mr. Rounds are untrue the people ought to know it. If they are true the law has such criminal conduct as should be exposed and punished."

Impeachment of Washington County Returning Officers.

Herbert M. Heath, one of the attorneys for Washington county, has been endeavoring to get the returns every day the Council has been in session since they formally opened the returns November 27th, and on Tuesday last he saw a formal note stating the receipt of Hiscock and another legal document to run the Washington county returns. The chief legal officer was Mr. A. Peters, of Calais, who examined these documents and returned them to Augusta, reaching there on the evening of the meeting of the Council. Mr. Heath requested to get counsel, deposited as per the right to get the returns and the Council met on Wednesday and Judge Peters was present that he could get them out of the hands of his friends. Governor Chamberlain was present and pleaded that the Council had no right to get the returns and that the Governor alone in Washington county had the right to get the returns. Mr. Heath requested to get counsel, deposited as per the right to get the returns and the Council met on Wednesday and Judge Peters was present that he could get them out of the hands of his friends. Governor Chamberlain was present and pleaded that the Council had no right to get the returns and that the Governor alone in Washington county had the right to get the returns.

The Investigating Committee.

Senator Josiah Wing will have the appointment of examiners to-day. Gen. Baker & Judge and Gen. Burbank will represent the prosecution and Judge Virgin of Ellsworth and Judge Peters of Calais the defense. Mr. Peters, of Calais, will represent the Governor's interests in Washington county.

The Promoter and Purifier of Assimilation.

The Reformer and Vitalizer of the Blood.

The Producer and Invigorator of Nerve and Muscle.

The Builder and Supporter of Brain Power.

Holloway's Compound Syrup is composed of Ingredients identical with those was constitute Healthy Blood, Muscle and Nerve and Brain Substance, whilst Holloway's Ointment is directly dependent upon none of these.

By its union with the blood and its effect upon the muscles, re-establishing the one and toning the other, it is capable of effecting the following results:

It will displace or work out tuberculous matter and thus cure Consumption.

By Increasing Nervous and Muscular Vigor, it will cure Dyspepsia, Ardor or interrupted action of the Heart and Palpitation, Weakness of Initiation caused by great, weary, overtax or irregular habits, Bronchitis Acute or Chronic, Congestion of the Lungs, even in the most alarming stages.

It cures Asthma, Loss of Voice, Neuralgia, St Vitus Dance, Epileptic Fits, Whooping Cough, Nervousness, and is a most wonderful adjunct to other remedies in sustaining life during the period of Diphtheria.

Do not be deceived by remedies bearing a similar name, no other preparation is a substitute for this under any circumstances.

Look out for the name and address—J. J. FELLOWS, St. John, N. B., on the yellow wrapper in watermark, which is seen by holding the paper under the light.

Price $1.50 per Bottle, six for $7.50.
